

Vantage Unit

- Reinforced corners hold their shape. No exterior moulding
- Twin sheet construction – more rigid shell without adding much weight
- Waist-high indented strap-down guides on all four corners help you keep your load secure
- Ergonomically designed exterior for easier movement – grips all the way down the corners
- Superior door lock mechanism – positive fastening from inside or out
- Clean and smooth exterior appearance provides large signage areas
- Smooth walled interior makes for quicker and easier cleaning
- Same footprint as Standard and Integra models. 70% of parts are interchangeable!
